Dear Sirs:

I am the newest member to the Bank of _____, Bank of _____, Security staff. Since I have been employed with the Bank, I have had numerous occasions to interact with your staff. I want you to know that each and every time, it has been truly refreshing to deal with the knowledgeable, responsive professionals employed by SecureNet.

Rusty Hendrix and Richard Espazedo were the first two SecureNet associates with whom I worked, and definitely on positive notes. Richard, moved to the Houston area, and recently completed an install at our newly acquired _____ banking center. He and his crew did an outstanding job at that location. Rusty and I have done several walk throughs, and he is great to work with. The most recent, was the _____ Bank in Dallas, where Ray Burton and his crew, Misha and Keith saved me because of a tight schedule, completing the Bank ahead of time, and by doing another flawless job.

You have assembled an outstanding staff, and Bank of _____ looks forward to another growing year, and the opportunity to work with your company.

Sincerely,

Jesse J. Hooper
Manager, Bank of _____ Corporate Security
