Carrollton, TX 75006

Dear Mr. Bergstrom,

I would like to take this opportunity to express my gratitude to SecureNet for continually providing excellent service to the various projects I have been involved in with SecureNet over the years.

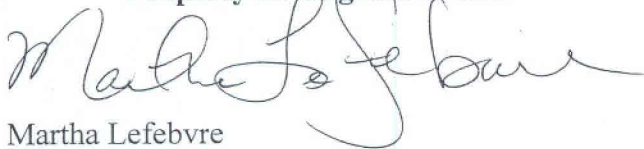

SecureNet's commitment to customer service, attention to detail and follow through shown by your Staff far exceeds the standard service I receive from other vendors. Your employees show a genuine concern for our needs and put forth the time and effort needed to ensure not only that our security system is functioning properly but also that our customer needs are taken into consideration.

Please share my praise with your entire staff for always doing a great job. All of us seldom remember that praise is important. Most of us in the service industry hear complaints more than anything else so I want to take this opportunity to show praise where due. I look forward to our continued working relationship.

Thank you again to your entire organization for the professionalism and commitment to service.

Sincerely,

Property Management LLC
