Jeff,

Thank you for the assistance SecureNet has provided over the past nine years. SecureNet has been a valued partner for our security needs. Through the numerous projects and expansions that has undertaken, SecureNet has provided a level of commitment we appreciate.

I want to tell the SecureNet team how much I appreciate the quick and efficient way our projects are handled. At , our concern for the security and safety of our associates is shared by the great staff at SecureNet - your professional culture is evident to your customers. Although it seems many businesses have abandoned the technical and service sides of their business, SecureNet continues to excel in both.

Please pass on my thanks to the staff at SecureNet for their commitment to taking care of our business - not just with the last project, but over time.

Sincerely,

Mike Losawyer
Director of Operations
