SecureNet, Inc.
1117 Cornell Parkway
Oklahoma City, OK 73108

Dear Sirs:

Please convey my sincere appreciation to your team for their extraordinary accomplishment in bringing our Surveillance system from our initial thoughts to an operational reality. The SecureNet team has continually extended itself at every opportunity that it has been presented with, and I was most impressed by their ability to engage the vendors assistance on this project. Their dedication is something that you can be proud of.

While many thought that meeting our aggressive schedule was not possible, your team made it happen. This is certainly a trait that the Casino Industry will value in future projects.

As a result of your efforts, Casino's opening was a huge success. I, along with the countless members of the family would like to say "Thank You" for a terrific job, excellent service and your contributions to this important project. We look forward to having SecureNet as a valued partner in our business for a long time to come.

Sincerely,

Raphael Jackson
Surveillance Director
Casino
